AANA Journal

Volume 65
1997 AANA Journal Index

The following is an index of the major topics addressed in the *AANA Journal* during 1997. The index is alphabetized according to headings, and entries appear in chronological order within headings. Author and subject indexes are integrated.

A

AANA Foundation Poster Session abstracts presented at the 1997 AANA Assembly of School Faculty, Tampa, Florida, and the 1997 Annual Meeting, San Francisco, California:

1. Intravenous catheter insertion: A comparison of local anesthetic efficacy (Kristin M. Babcock, David H. Wong, Michele E. Gold), 479
2. Comparison of ondansetron, metroclopramide, and placebo in the prevention of postoperative emesis in children undergoing ophthalmic surgery (Tanya Bach-Styles, Denise Martin-Sheridan, Cindy Hughes, Stacy Kaufman), 479
3. The effect on tourniquet time of fentanyl added to the standard Bier block solution as compared to the standard Bier block solution without fentanyl (Marlene Gayder Barber), 480
4. Acute care nurse practitioner preparation for skills shared by the Certified Registered Nurse Anesthetist (Sherri M. Blaha), 481
5. Postoperative nausea and vomiting: Neostigmine-glycopyrrolate versus edrophonium-atropine as neuromuscular blocker reversal agent (CPT Vincent B. Bogan, CPT Michael Luce), 481
6. Ondansetron: Antiemetic efficacy and timing of administration (Pamela Lashlee Bryant, Michael Patrick Hosking), 482
7. Instructional methods for human anatomy and cell biology in nurse anesthesia graduate programs: A survey with a focus on regional anesthesia (Capt Adrienne Grant Burnette, Barbara M. Sylvia, Richard S. Purdham, Donald D. Rigamonti), 482
8. Relative frequency of adverse neurological effects after subarachnoid block (CPT John Canady, CPT Anita Ganz, CPT Mary Hargrove), 483
9. Effect of intrathecal fentanyl dose on the duration of labor analgesia (Daniel Charles Celeski, Louis J. Heindel, Gerald R. Haas, Nalan Narine), 483
10. Effect of preoperative IV caffeine administration on the incidence of postoperative headache (CPT Joseph B. Chapman, CPT Bryan P. Hunter, 1 LT Andrew A. Armondo), 484
11. Topical EMLA cream for 5 minutes versus intradermal normal saline in prevention of venous cannulation pain (Robin J. Cook, Mark Bruni, Mary Ann Rankowski, Laurie Watson), 484
12. A comparison of intrathecal and epidural analgesia and its effect on length of labor (Capt Caroline McGarth Cutbush, John P. McDonough, Kenneth P. Miller, Maj Kit R. Clark), 484
13. Identification of abnormal clinical findings in an anesthesia preoperative clinic (Helen Effron, Annette Zecca, Brian A. Cason, Arthur W. Wallace), 485
14. The maldistribution of anesthesia providers across the United States (Michael D. Fallacaro), 485
15. A comparative analysis of latex allergy in the healthy versus high-risk pediatric population (Kristine S. Faust, Christine Shrewbury), 486
16. Reliability of telemetric pulse oximetry in surgical patients (Margaret Faut-Callahan, Jane L. Llewellyn, Barbara Martin), 486
17. The impact of anesthetic type on costs for cesarean section delivery (Stephen A. Flaherty, Gerald L. Glandon), 487
18. A comparison of analgesic efficacy, patient satisfaction, and cost of three spinal epidural analgesic regimens in the laboring parturient (Stephen A. Flaherty, Margaret Faut-Callahan, Judith A. Paice, Gerald L. Glandon, L. Michael Newman, Susan Shott), 487
19. "The dream team time machine: 24 hour call": A board game (Deborah Joyce Flaherty), 487
20. A comparison of the efficacy of intravenous granisetron and ondansetron in preventing postoperative vomiting in pediatric tonsillectomy and adenoidectomy procedures (Kimberly Goode, Cynthia Laeder), 488
21. Hemodynamic stability with propofol versus thiopental for ocular block (Anna M. Guzman), 488
22. A cost analysis: General endotracheal versus regional versus monitored anesthesia care (CDR Rick Hand, LT Mike Brooks), 489
23. The art of Florence Henderson, pioneer nurse and anesthetist (Nancy A. Harris, Joan Hunziker-Dean), 489
24. A comparison of end-tidal carbon dioxide measurements with varying in-line placement of the heat moisture exchanger (Carrie Therese Hecker, Carol G. Elliott, Cathy A. Williams, Christita S. Weber), 489
25. Neuron to capillary distance in normal and spontaneously hypertensive rats (Susan M. Hedberg, Kenneth R. Davies, Wendy Finnegan, Grace Richardson, Virgil Acuff, Joseph D. Fenstermacher), 490
26. Surgical patients' knowledge concerning anesthesia providers (Elizabeth M. Hewitt, Darlene B. Marsich), 490
27. Evaluation of lidocaine and tetracaine mixture in axillary brachial plexus block (Jeanette S. Hirter, Louis J. Heindel), 491
28. A comparison of anatomical predictors of difficult tracheal intubation and degree of difficulty encountered during tracheal intubation (Marcia A. Jensen), 491

29. Doctoral feasibility study (Lorraine M. Jordan, Diane Ritter, Francis Gerbasi, Kathleen Hanna, Betty Horton), 491
30. Perioperative pain management: Considerations for the chemically dependent patient (Donna Joanne Kodet), 492
31. Temperature changes in class I and II trauma patients after admission to the emergency department (Thomas Kolinsky, Sandra E. Johnson, Barbara S. Knox-Balderson), 492
32. The effect of comprehensive instructions on patient perceptions of NPO status (Frances M. Kramer), 493
33. Effect of low concentration epidural bupivacaine on motor and sensory function in nonlaboring parturients (David T. Kwiatkowski, Elizabeth Wong, Mark I. Zakowski, Wynne R. Waugaman), 493
34. The certified registered nurse anesthetist in a competitive managed care environment (Robyn L. Ridder), 494
35. Physicians' attitudes toward certified registered nurse anesthetist practice in the critical care setting (Dorothy J. Holt), 494
36. The effect of gender on the rate of metabolism of midazolam in humans using liver microsomes (CPT Karen L. Hinkle, Louis Cantilena, Jr., Alex Odinecs), 495
37. In vitro alkalinization of local anesthetics (John P. McDonough, CPT Karen M. Strand, W. Patrick Monaghan, Kenneth Miller), 495
38. Readiness and skill retention of military anesthesia providers (MAJ Connie J. Moore, CPT Nancy L. Sweet, CPT Evelyn J. Williams), 496
39. To reuse your circuit: The HME debate (MAJ Michael W. Neft, 1 LT Jerri R. Goodman, MAJ John P. Hlavnicka, Bruce C. Veit), 496
40. Postoperative oxygen desaturation following spinal anesthesia with midazolam sedation (MAJ Vicki J. Nichols, CPT Daryl J. Magoulick, CPT David F. McCormick, CPT Benjamin B. Simpson, 1 LT Phillip K. Haynie), 497
41. Epidural anesthesia: New computer technology used to enhance the teaching of a common anesthetic procedure (LT David C. Olsen, Donald D. Rigamonti, Kenneth P. Miller, Thomas J. Richards, John P. McDonough), 497
42. Effect of external nasal dilation on postoperative oxygen saturation (Lisa A. Osborne, Annette N. Hasselbeck, Charles A. Vacchiano), 498
43. The effectiveness of diphenhydramine and ranitidine in the attenuation of histamine sequelae after the injection of intravenous mivacurium chloride for rapid sequence intubation (Kathleen A. Pagels, Michelle M. Hirsch), 498
44. Rapid sequence induction using succinylcholine after receiving pyridostigmine for chemical weapon prophylaxis (LCDR Joseph E. Pellegrini, LT Andrew B. Baker, LT Donald J. Fontenot, LCDR Alex F. Cardenas), 499
45. A comparison of desflurane and isoflurane on the intraoperative monitoring of somatosensory evoked potentials (C. Kent Persinger, K. Stephen Anderson, C. Raymond Schaney, David McGee), 499
46. Bronchoscopic debridement and saline lavage in children with severe inhalation injuries (Lynn A. "Pete" Peterson, Jeffrey M. Berman, Joaquin J. Cortiella, Ronald P. Mlcak, Manubhai Desai, Ray J. Nichols), 500
47. There is no difference in the incidence of postoperative nausea and vomiting (PONV) when ondansetron (Zofran®) is administered prior to induction or emergence from general anesthesia (CPT Catherine E. Peuterbaugh, CPT Brad West), 500
48. Outcomes of intensive care unit patients receiving bedside dilational percutaneous tracheostomies and open surgical tracheostomies: Implications for anesthesia, surgical, and critical care personnel (Rhonda Pingleton, Lauren Kennedy, Thomas Meyer), 501
49. Effect of preincisional versus postincisional intrathecal sufentanil on preemptive analgesia following inguinal herniorrhaphy under subarachnoid block (Russell M. Plewinski, Drew S. Pinilla, Lynda E. Walters, Rosemarie Andrade, Charles A. Vacchiano), 501
50. Public perception of the existence and role of nurse anesthetists: A qualitative study (CPT Noel G. Poindexter, CPT Donald L. Nance, Paula K. Rubison), 502
51. What effect does massive blood transfusion have on hypothermia? (Mary R. Raftery), 502
52. Early postoperative pain in patients undergoing nongynecological laparoscopic surgery who are given either intravenous ketorolac or oral ibuprofen preoperatively (Elyse L. Raybuck, Edward P. Juras, Wayne R. Melchior, William G. Keusch), 503
53. The reported incidents of substance abuse among student registered nurse anesthetists in the United States from 1991 through 1996 (Trisha Kiliany Ross, Carolyn Austin Gries, Joanne Nanos, Anthony O'Leary, Milt Teitler), 503
54. Effects of intrathecal fentanyl on duration of bupivacaine spinal blockade for outpatient knee arthroscopy (John R. Roussel, Louis J. Heindel), 504
55. The knowledge and attitudes of nurses regarding postoperative epidural analgesia (Colleen L. Sandie, Louis J. Heindel), 504
56. Brachial plexus blockade via Doppler ultrasonography-transarterial approach (Capt Brian R. Schwartz, Maj Paul W. LeSaint), 505
57. Preemptive ketamine: Does it reduce postoperative pain in ambulatory procedures? (Patricia Siegel, Joseph Holtz, Masud Imran), 505
58. Conscious sedation, an Internet course for registered nurses (Thomas L. Smart, Thomas Davis), 505
59. Relationship of a psychological priming technique with the auditory evoked response as an indicator of implicit memory formation in the anesthetized patient (Timothy L. Smith, David Zapala, Carol L. Thompson, Wayne Hoye, Tim Kelly), 506
60. An outcome study examining the use of propofol versus propofol/ketamine for renal patients undergoing arm graft surgery (Frank M. Smolinski, Richard K. Baumgarten, Robert Smith, James Scarcella, Ronald Manningham, Karen Zaglaniczny, John Nagelhout), 506
61. Ondansetron preoperative versus intraoperative administration (Shellie L. Thompson, Andrew L. Reed, Steven S. Santos), 507
62. Determining the effectiveness of the Pall BB25A HME filter as a bidirectional barrier to the transmission of

bacteria during inhalational anesthesia (Janie M. Tischler, Joanne, M. Cafarelli, Nancy Dombrowski, Richard K. Baumgarten, Susan M. Burns), 507

63. Research presentation of Ro 48-6791, a new short-acting benzodiazepine (Sandra A. Todd, Michele Gold, Julian Gold, Paul F. White, Carey Strom), 507

AANA Journal Course No. 16 1997 Evaluation Form, 164

AANA Journal Course No. 16 Examination Information—Update for nurse anesthetists, 186

AANA Journal Course No. 16 Examination—Update for nurse anesthetists (answer form), 163

AANA Journal Course No. 16 Examination—Update for nurse anesthetists (examination questions), 167

AANA Journal Course No. 16—Update for nurse anesthetists (examination answers), 396; Correction, 436

AANA Journal Course: Part VI—Thoracic trauma, 73; Part I—Brain death: Terminology, clinical criteria, and diagnostic testing, 129; Part II—Serotonin agonists and antagonists: Anesthetic implications, 271; Part III—Improving safety of subarachnoid and epidural blocks, part A, 371; Part IV—Improving the efficacy of subarachnoid and epidural blocks, part B, 451; Part V—Management of malignant ventricular tachyarrhythmias: The role of drug therapy and surgical intervention in sudden cardiac death survivors, 561

Abenstein, J.P.: see Letters, 104

Acceleromyography:
Comparison of intubating conditions related to timed dosages and a nerve stimulator based on the measurement of acceleration using mivacurium, 143

Accreditation: see Education News, 23, 339; see Management Briefs, 228

Acrylic nails: The effect of acrylic nails on the measurement of oxygen saturation as determined by pulse oximetry, 361

Addendum to the Poster Session abstracts, 581

Administrative managers: see Management Briefs, 335

Adult respiratory distress syndrome:
Inhaled nitric oxide as a selective pulmonary vasodilator in clinical anesthesia, 59

Advanced nursing practice:
Clinical pathways and case management in anesthesia practice: New tools and systems for the evolving health-care environment, 460

Adverse effects: see *AANA Journal* Course—Part III, 371

Advocates for Practitioner Equity: see Washington Scene, 424

Aged: see Elderly patients

Agonists: see *AANA Journal* Course—Part II, 271

Airway:

Research in Action abstracts presented at the 1997 Annual Meeting in San Francisco, California:

1. The dose-related effects of bolus esmolol on heart rate and blood pressure following laryngoscopy and intubation (Kasey Pelton Bensky, Linda Donahue-Spencer, G. Erik Hertz, Martha T. Anderson), 382
2. An evaluation of intravenous ketorolac's preemptive analgesic effects in laparoscopic ambulatory surgery patients (Constance A. Cabell, John Thomas Beeston, James Patrick Embrey, Terry Wright Hurt), 383
3. A comparison of analgesic efficacy, patient satisfaction, and costs of three spinal-epidural analgesic regimens in the laboring parturient (Stephen A. Flaherty, Margaret Faut-Callahan, Judith A. Paice, Gerald L. Glandon, L. Michael Newman, Susan Shott), 384
4. Cardiovascular effects, plasma histamine, and tryptase levels of pediatric patients after neuromuscular blockade with rocuronium bromide (Karen E. Higgins Gillikin, Dale Haynes, Jay Howard Shapiro, James Patrick Embrey, Lawrence Barry Schwartz), 385
5. A comparison of the efficacy of intravenous granisetron and ondansetron in preventing postoperative vomiting in pediatric tonsillectomy and adenoidectomy procedures (Kimberly Goode, Cynthia Laeder), 385
6. The effectiveness of diphenhydramine and ranitidine in the attenuation of histamine sequelae after the injection of intravenous mivacurium chloride for rapid sequence intubation (Michelle M. Hirsch, Kathleen A. Pagels), 386
7. Evaluation of lidocaine and tetracaine mixture in axillary brachial plexus block (Jeanette S. Hirter, Louis J. Heindel), 387
8. The art of Florence Henderson: Pioneer nurse and anesthetist (Joan Hunziker-Dean, Nancy Ann Harris), 388
9. Anesthesia considerations during organ procurement (Debra K. Kidd), 388
10. Middle range theory of intraoperative assessment and intervention for conscious and unconscious pain and awareness: Therapeutic suggestion via facial muscle electromyography for surgical pain relief (Cathy Mastropietro), 389
11. Comparison of epidural and intravenous fentanyl PCA after cesarean delivery using epidural 2-chloroprocaine (Charles H. Moore, Regina Y. Fragneto, Kim Larsen, James Embrey, Peter Pan) 390
12. Sevoflurane and the potential for renal toxicity (Barry T. Schab, David R. Danielson), 390
13. How do anesthesia providers assure the identity of patients receiving blood transfusion? (David A. Sheppard, W. Patrick Monaghan, John P. McDonough, Kenneth P. Miller), 391

14. The evaluation of auditory midlatency responses and psychological priming techniques as indicators of implicit memory formation during general anesthesia (Timothy L. Smith, David Zapala, Carol L. Thompson, Wayne Hoye, Tim Kelly), 392
15. A comparison of pulse oximetry generated waveforms and modified Allen's test for evaluation of arterial flow to the hand (Laura L. Tashjian), 393
16. Practice profiles of Certified Registered Nurse Anesthetists in the Commonwealth of Virginia (Laurie May Todd, James P. Embrey, James W. Begun, Charles H. Moore), 394 Resuscitation: see *AANA Journal* Course—Part I, 129; Part VI, 73

☐ Publication required. Will be printed in the December issue of this publication.
☐ Publication not required.

17. Signature and Title of Editor, Publisher, Business Manager, or Owner — Date: 10/1/97

I certify that all information furnished on this form is true and complete. I understand that anyone who furnishes false or misleading information on this form or who omits material or information requested on the form may be subject to criminal sanctions (including fines and imprisonment) and/or civil sanctions (including multiple damages and civil penalties).

Instructions to Publishers

1. Complete and file one copy of this form with your postmaster annually on or before October 1. Keep a copy of the completed form for your records.
2. In cases where the stockholder or security holder is a trustee, include in items 10 and 11 the name of the person or corporation for whom the trustee is acting. Also include the names and addresses of individuals who are stockholders who own or hold 1 percent or more of the total amount of bonds, mortgages, or other securities of the publishing corporation. In item 11, if none, check the box. Use blank sheets if more space is required.
3. Be sure to furnish all circulation information called for in item 15. Free circulation must be shown in items 15d, e, and f.
4. If the publication had second-class authorization as a general or requester publication, this Statement of Ownership, Management, and Circulation must be published; it must be printed in any issue in October or, if the publication is not published during October, the first issue printed after October.
5. In item 16, indicate the date of the issue in which this Statement of Ownership will be published.
6. Item 17 must be signed.

Failure to file or publish a statement of ownership may lead to suspension of second-class authorization.
